EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification, the following headings for various sections of the specification have been inserted:

p. 1, following section "CROSS REFERENCE TO RELATED APPLICATIONS" (see amendment of 06/13/06) and before the first line of the first paragraph ("The invention relates to a fuse..."), the heading --BACKGROUND OF THE INVENTION-- has been inserted;

p. 2, between the second and third paragraphs, the heading --SUMMARY OF THE INVENTION-- has been inserted;

p. 6, between the first and second paragraphs, the heading --BRIEF DESCRIPTION OF THE DRAWINGS-- has been inserted, and just above the last paragraph, the heading --DETAILED DESCRIPTION OF THE INVENTION-- has been inserted.

2. The following is an examiner's statement of reasons for allowance:

The allowability resides in the overall structure of the device as recited in the amended claim 1, and at least in part, because claim recites, *inter alia*: "wherein each first connection

element (6, 7) is an elevation that projects into a plug-in shaft (4, 5), in the form of a tongue (8, 9) that matches a longitudinal groove as an engagement (17, 18)". The aforementioned limitations in combination with all remaining limitations of said claim 1, are believed to render the claim and all claims dependent therefrom allowable over the art of record.

Furthermore, Examiner has performed the assignee and inventor name searches in order to identify documents with possible double patenting issues. No documents with conflicting claims have been identified.

3. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ANATOLY VORTMAN whose telephone number is (571)272-2047. The examiner can normally be reached on Monday-Thursday, between 10:00 am and 8:30 pm..
